Microsoft Internet Explorer 6.0 or 7.0 (recommended) or 8.0, Firefox 2.0, Safari 3.0 and above

 **NOTE:** The wireless dongle is not shipped with your M115HD projector. You can purchase it on the Dell website at www.dell.com.

Wireless dongle

Wireless Installation Instruction

Enable Wireless on the Projector

- 1 Install the optional wireless dongle.

- 2 Connect the power cord with AC adapter to the wall outlet and press the power button.

4

- 3 Press the **Menu** button on your projector control panel or remote control.

NOTE: Use , ,  and  buttons to navigate and  to select.

- 4 Select the input source as USB.

Wireless Installation Instruction

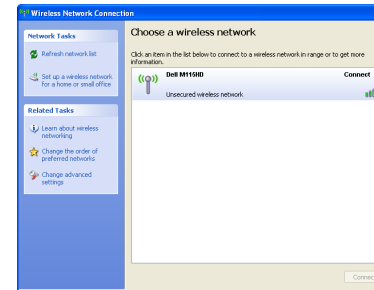

The **Wireless Guide Screen** shown below appears:

- 5 Take note of the **Wireless Network (SSID), IP Address, and Access Code**. You will need this information to log in in later.

Install the Dell Projector Connection Manager on Your Computer

- 6 Connect your computer to the M115HD wireless network.

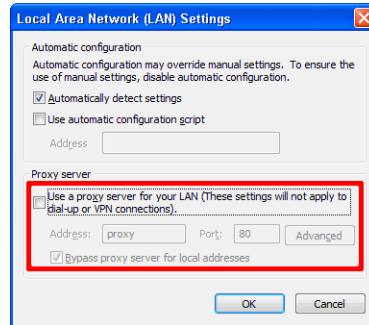

NOTE:

- a) Your computer must have wireless network function to detect the connection.
- b) When you connect to the M115HD wireless network, you will lose wireless connectivity with other wireless networks.

Wireless Installation Instruction

-  **NOTE:** It is recommended that all proxies are turned off. (In Microsoft® Windows 7: Click **Control Panel** → **Internet Options** → **Connections** → **LAN Settings**)

- 7 "Dell Projector Connection Manager" is required if used for wireless display. Please download and install the software for first-time use. If it is already installed, skip Step 7 - 12.

-  **NOTE:** You only need to install the "Dell Projector Connection Manager" once.

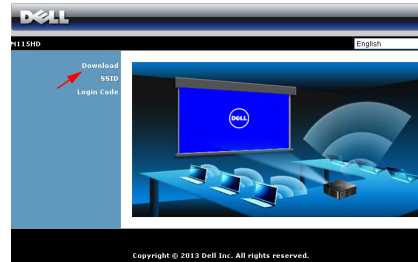

6

- 8 Open the Internet browser on your computer. You will be automatically directed to the **M115HD Web Management** web page.

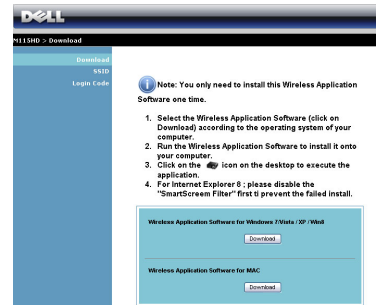

-  **NOTE:** If the web page does not load automatically, enter the IP address (default IP address is 192.168.100.10) in the browser's address bar.

- 9 The M115HD web management page opens. For first-time use, click **Download**.

- 10 Select the appropriate operating system, and then click **Download**.

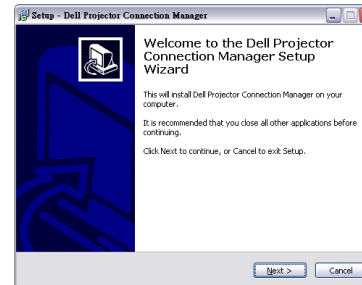

- 11 Click Run to proceed with the installation.

Wireless Installation Instruction

-  **NOTE:** You may choose to save the file and install it at a later time. To do this, click Save.
-  **NOTE:** If you are unable to install the application because of inadequate rights on the computer, please contact your network administrator.

- 12 The installation software will launch. Follow the on-screen instructions to complete setup.

Wireless Installation Instruction

Launch the Dell Projector Connection Manager

- 13 Once the installation is complete, the program will launch automatically. Or you can double-click the  icon on the desktop to start the application.

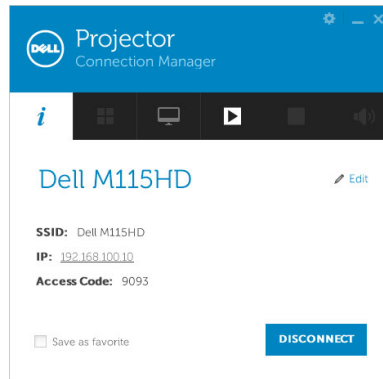

Login

- 14 Login with the **Access Code** (see Step 5), then click OK.

Managing the Projector from Web Management

Managing the Projector from Web Management

Accessing Web Management

Use Internet Explorer 6.0 and above or Firefox 2.0 and above and enter the IP address (default IP address is 192.168.100.10). You can now access Web Management and manage the projector from a remote location.

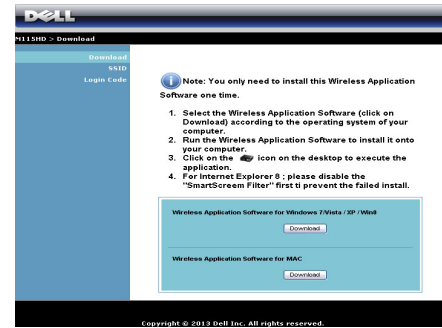

Home Page

- Access the Web Management Home page by entering the projector IP address at the web browser.
- Select the language for web management from the list.
- Click any menu item on the left tab to access the page.

Managing the Projector from Web Management

Download

Click the **Download** button of the corresponding operating system of your computer.

SSID

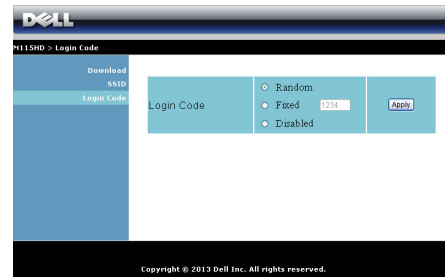

This page allows you to change the **Network SSID** name.

- **Network SSID:** Enter the new Network SSID name and then click **Apply**.

Managing the Projector from Web Management

Login Code

This page allows you to set the **Login Code** by Random or Fixed.

- **Random:** Default is Random. Login code will be randomly generated.
- **Fixed:** Enter a 4-digit code. This code will be used to log in to the system.
- **Disabled:** Login code will not be required when logging in to the system.

Click the **Apply** button to save and apply changes. The projector must be restarted for the changes to take effect.
