

MANAGEMENT STATION
CONSOLES INSTALLATION
Version 7.2
Readme

What's New in this Release

Dell OpenManage Installation and Server Management does not have any updates for this release.

Installation

See Dell "OpenManage Management Station Software Installation Guide" in "Dell Systems Management Tools and Documentation" media (DVDroot\SYSMGMT\ManagementStation\docs\<language_directory>\OpenManage_QIG\QUICK_INSTALL_GUIDE.htm) or at dell.com/support.

User Notes for all Supported Windows Operating Systems

* On systems running Windows operating systems, you can only upgrade features that are already installed. You can add features from "Add/Remove Programs" after applying the upgrade.

* After an "Unattended Installation", a new console window must be opened. The CLI commands must be executed from that window. It is not possible to execute CLI commands from the same console window from which Management Station is installed.
