# Dell Adapter DA100

USB 3.0 to HDMI, VGA,  
Ethernet, and USB 2.0

## Quick Start Guide

## 1 Install DisplayLink software

1. Go to [www.displaylink.com](http://www.displaylink.com).
2. Click **Download Drivers** on the top-right corner of the page.
3. Download and install the latest version of DisplayLink USB Graphics Software for Windows.

🚩 **NOTE:** If a **DisplayLink Software Notification** message appears during installation, click **Continue anyway** and complete the installation.

🚩 **NOTE:** For best performance, download and install the latest drivers for your computer. If you have a Dell computer, download the drivers from [dell.com/support](http://dell.com/support) using the Service Tag of your computer.

## 2 Connect the adapter to your computer

## 3 Connect devices to the adapter
