Installing Red Hat® Enterprise Linux ES (Version 3)

There is no support for the CERC SATA 1.5/2s running under the Linux operating system for the Dell™ PowerEdge™ 800, SC1425 and 420SC systems. Before installing Linux, see the following instructions appropriate to your system.

For the PowerEdge 800 and *SC*1425 Systems

Before installing Linux on your system, ensure that the SATA **Controller** option under the **Integrated Devices** menu in the System Setup program is **not** set to "RAID."

For the PowerEdge 420SC System

Before installing Linux on your system, ensure that the SATA **Controller** option under the **Integrated Devices** menu in the System Setup program is set to **RAID Off**.
