Resolved Issues

The following high severity issue has been resolved in this release.

Issue ID	Functional Area	Description
MDT-185270 SR 62223651	PowerStore Manager (GUI) and Connectivity	PowerStore Manager may become inaccessible on a cluster and a loss of connectivity with SupportAssist enabled. This issue has been fixed.

Refer to the *Dell EMC PowerStore Release Notes for PowerStore OS Version 1.0.1.0.5.002* for more information on known issues that are relevant to this release.

Where to Get Help

Dell Technologies maintains support pages for all products at www.dell.com/support.

The product support pages provide important product information such as product and user documentation, knowledge base articles, drivers and other software installation packages downloads, advisories, knowledge base articles, and more.

A valid support contract and registration is required to access all information available on the product support sites.
