Antes de manipular el interior del equipo

 **NOTA:** The images in this document may differ from your computer depending on the configuration you ordered.

Temas:

- [Before you begin](#)
- [Instrucciones de seguridad](#)
- [Herramientas recomendadas](#)

Before you begin

1. Save and close all open files and exit all open applications.
2. Shut down your computer.

The shut-down instruction varies depending on the operating system installed on your computer.

- Windows 10: Click **Start** >  **Power** > **Shut down**.
- Windows 8.1: On the **Start** screen, Click the power icon  > **Shut down**.
- Windows 7: Click **Start** > **Shut down**.

 **NOTE:** If you are using a different operating system, see the documentation of your operating system for shut-down instructions.

3. Disconnect your computer and all attached devices from their electrical outlets.
4. Disconnect all cables such as telephone cables and network cables, from your computer.
5. Disconnect all attached devices and peripherals, such as keyboard, mouse, and monitor, from your computer.
6. Remove any media card and optical disc from your computer, if applicable.
7. Close the display and turn the computer over.

Instrucciones de seguridad

Utilice las siguientes directrices de seguridad para proteger su equipo de posibles daños y para garantizar su seguridad personal.

 **NOTA:** Before working inside your computer, read the safety information that shipped with your computer. For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

 **NOTA:** Disconnect all power sources before opening the computer cover or panels. After you finish working inside the computer, replace all covers, panels, and screws before connecting to the electrical outlet.

 **PRECAUCIÓN:** To avoid damaging the computer, ensure that the work surface is flat and clean.

 **PRECAUCIÓN:** To avoid damaging the components and cards, handle them by their edges, and avoid touching pins and contacts.

 **PRECAUCIÓN:** You should only perform troubleshooting and repairs as authorized or directed by the Dell technical assistance team. Damage due to servicing that is not authorized by Dell is not covered by your warranty. See the safety instructions that shipped with the product or at www.dell.com/regulatory_compliance.

 **PRECAUCIÓN:** Before touching anything inside your computer, ground yourself by touching an unpainted metal surface, such as the metal at the back of the computer. While you work, periodically touch an unpainted metal surface to dissipate static electricity, which could harm internal components.

 **PRECAUCIÓN:** When you disconnect a cable, pull on its connector or on its pull tab, not on the cable itself. Some cables have connectors with locking tabs or thumb-screws that you must disengage before disconnecting the cable. When

disconnecting cables, keep them evenly aligned to avoid bending any connector pins. When connecting cables, ensure that the ports and connectors are correctly oriented and aligned.

 **PRECAUCIÓN:** Press and eject any installed card from the media-card reader.

Herramientas recomendadas

Los procedimientos de este documento podrían requerir el uso de las siguientes herramientas:

- Un destornillador Phillips
- Punta trazadora de plástico

Después de manipular el interior del equipo

 **PRECAUCIÓN:** Leaving stray or loose screws inside your computer may severely damage your computer.

1. Coloque todos los tornillos y asegúrese de que ninguno quede suelto en el interior de equipo.
2. Conecte todos los dispositivos externos, los periféricos y los cables que haya extraído antes de manipular el equipo.
3. Coloque las tarjetas multimedia, los discos y cualquier otra pieza que haya extraído antes de manipular el equipo.
4. Conecte el equipo y todos los dispositivos conectados a la toma eléctrica.
5. Encienda el equipo.

Extracción de la batería

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)

Procedure

1. Close the display and turn the computer over.
2. Slide the battery-release latch to the unlock position.
3. Lift the battery at an angle and remove the battery from the battery bay.

- a. battery
 - b. battery-release latch
4. Turn the computer over, open the display, and press the power button for five seconds to ground the system board.

Colocación de la batería

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)

Procedure

Slide the tabs on the battery into the slots on the battery bay and snap the battery into place.

NOTE: The battery-release latch returns to the lock position if the battery is installed properly.

Colocación de la unidad óptica

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

Remove the [battery](#).

Procedure

1. Remove the screw that secures the optical-drive assembly to the computer base.
2. Using a plastic scribe, slide the optical-drive assembly out of the optical-drive bay.

- | | |
|------------------|---------------------------|
| 1. screw | 2. plastic scribe |
| 3. computer base | 4. optical-drive assembly |
3. Carefully pull the optical-drive bezel and remove it from the optical drive.
 4. Remove the screws that secure the optical-drive bracket to the optical drive and remove the optical-drive bracket.

1. optical-drive bezel
3. optical-drive bracket

2. optical drive
4. screws (2)

Extracción de la unidad óptica

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Align the screw holes on the optical-drive bracket with the screw holes on the optical drive.
2. Replace the screws that secure the optical-drive bracket to the optical drive.
3. Align the tabs on the optical-drive bezel with the slots on the optical-drive assembly and snap the optical-drive bezel into place.
4. Slide the optical-drive assembly into the optical-drive bay and align the screw hole on the optical-drive bracket with the screw hole on the computer base.
5. Replace the screw that secures the optical-drive assembly to the computer base.

Post-requisites

Replace the [battery](#).

Extracción del teclado

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

Remove the [battery](#).

Procedure

1. Turn the computer over and open the display as far as possible.
2. Using a plastic scribe, gently release the tabs that secure the keyboard to the palm-rest assembly.

- | | |
|-----------------------|-------------|
| 1. plastic scribe | 2. keyboard |
| 3. palm-rest assembly | 4. tabs (5) |
3. Carefully turn the keyboard over and place it on the palm-rest assembly.
 4. Lift the latches and disconnect the keyboard cable and the keyboard-backlight cable from the system board.

NOTE: The keyboard-backlight cable is present only if the laptop is shipped with a backlit keyboard.

1. keyboard-backlight cable
 2. latch
 3. keyboard cable
 4. keyboard
 5. palm-rest assembly
5. Lift the keyboard, along with the cables, off the palm-rest assembly.

Colocación del teclado

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Slide the keyboard cable and the keyboard-backlight cable into their connectors on the system board and press down on the latches to secure the cables.
2. Carefully turn the keyboard over, slide the tabs on the keyboard into the slots on the palm-rest assembly, and snap the keyboard into place.
3. Close the display and turn the computer over.

Post-requisites

Replace the [battery](#).

Extracción de la cubierta de la base

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

Remove the [battery](#).

Procedure

1. Remove the screws that secure the base cover to the computer base.
2. Using your fingertips, gently pry the base cover off the computer base.

- a. computer base
- b. screws (2)
- c. base cover

Colocación de la cubierta de la base

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Slide the tabs on the base cover into the slots on the computer base and snap the base cover into place.
2. Replace the screws that secure the base cover to the computer base.

Post-requisites

Replace the [battery](#).

Extracción de la batería de tipo botón

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

PRECAUCIÓN: Removing the coin-cell battery resets the BIOS setup program's settings to default. It is recommended that you note the BIOS setup program's settings before removing the coin-cell battery.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).

Procedure

Using a plastic scribe, gently pry the coin-cell battery out of the battery socket on the system board.

1. plastic scribe
2. coin-cell battery
3. battery socket

Colocación de la batería de tipo botón

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

With the positive-side facing up, snap the coin-cell battery into the battery socket on the system board.

Post-requisites

1. Replace the [base cover](#).
2. Replace the [battery](#).

Extracción de la unidad de disco duro

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

PRECAUCIÓN: Hard drives are fragile. Exercise care when handling the hard drive.

PRECAUCIÓN: To avoid data loss, do not remove the hard drive while the computer is in sleep or on state.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).

Procedure

1. Lift the latch and disconnect the hard-drive cable from the system board.
2. Remove the screws that secure the hard-drive assembly to the computer base.
3. Lift the hard-drive assembly off the computer base.

- | | |
|---------------------|------------------------|
| 1. screws (4) | 2. hard-drive assembly |
| 3. hard-drive cable | 4. latch |
4. Disconnect the hard-drive interposer from the hard-drive assembly.

- a. hard-drive assembly
- b. hard-drive interposer

5. Remove the screws that secure the hard-drive bracket to the hard drive and lift the hard drive off the hard-drive bracket.

- a. hard drive
- b. hard-drive bracket
- c. screws (4)

Colocación de la unidad de disco duro

 **NOTA:** Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

 **PRECAUCIÓN:** Hard drives are fragile. Exercise care when handling the hard drive.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Place the hard drive over the hard-drive bracket.
2. Align the screw holes on the hard-drive bracket with the screw holes on the hard drive.
3. Replace the screws that secure the hard drive to the hard-drive bracket.
4. Connect the hard-drive interposer to the hard-drive assembly.
5. Slide the hard-drive assembly in the computer base and align the screw holes on the hard-drive assembly with the screw holes on the computer base.
6. Replace the screws that secure the hard-drive assembly to the computer base.
7. Connect the hard-drive cable to the system board.

Post-requisites

1. Replace the [base cover](#).
2. Replace the [battery](#).

Extracción de los módulos de memoria

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).

Procedure

NOTE: The number of the memory-module slots may be different on your computer depending on the configuration ordered.

1. Using your fingertips, spread apart the securing clips on each end of the memory-module slot until the memory module pops up.
2. Slide and remove the memory module from the memory-module slot.

- a. securing clips (2)
- b. memory module

Colocación de los módulos de memoria

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Align the notch on the memory module with the tab on the memory-module slot.
2. Slide the memory module firmly into the slot at an angle and gently press the memory module down until it clicks into place.

NOTE: If you do not hear the click, remove the memory module and reinstall it.

1. notch
3. securing clips
5. tab

2. memory module
4. memory-module slot

Post-requisites

1. Replace the [base cover](#).
2. Replace the [battery](#).

Extracción de la tarjeta inalámbrica

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).

Procedure

1. Remove the screw that secures the wireless-card bracket to the wireless card.
2. Lift the wireless-card bracket off the wireless card.
3. Disconnect the antenna cables from the wireless card.
4. Slide and remove the wireless card out of the wireless-card slot.

- | | |
|--------------------------|-----------------------|
| 1. wireless card | 2. wireless-card slot |
| 3. screw | 4. antenna cables (2) |
| 5. wireless-card bracket | |

Colocación de la tarjeta inalámbrica

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

CAUTION: To avoid damage to the wireless card, do not place any cables under it.

1. Align the notch on the wireless card with the tab on the wireless-card slot and slide the card into the slot.
2. Connect the antenna cables to the wireless card. The following table provides the antenna-cable color scheme for the wireless card supported by your computer:

Connectors on the wireless card	Antenna-cable color
Main (white triangle)	White
Auxiliary (black triangle)	Black

3. Align the screw hole on the wireless-card bracket with the screw-hole on the wireless card and replace the screw that secures the wireless-card bracket to the wireless card.

Post-requisites

1. Replace the [base cover](#).
2. Replace the [battery](#).

Extracción de la base del equipo

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [optical drive](#).
3. Remove the [base cover](#).
4. Follow the procedure from step 1 to step 3 in "[Removing the hard drive](#)".
5. Remove the [wireless card](#).
6. Remove the [keyboard](#).

Procedure

1. Lift the latch and disconnect the optical-drive cable from the system board.
2. Remove the screws that secure the computer base to the palm-rest assembly.

- a. optical-drive cable
 - b. latch
 - c. screws (2)
3. Close the display and turn the computer over.
 4. Remove the screws that secure the computer base to the palm-rest assembly.

- a. screws (13)
- b. computer base

5. Using a plastic scribe, pry up the computer base from the palm-rest assembly, starting from the area around the display hinges.
6. Lift the computer base off the palm-rest assembly.

- a. palm-rest assembly
- b. plastic scribe
- c. computer base

7. Lift the optical-drive interposer along with the cable off the computer base.

- a. computer base
- b. optical-drive interposer
- c. optical-drive cable

Colocación de la base del equipo

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Align the optical-drive interposer with the slot on the computer base and snap it into place.
2. Turn the computer base over.
3. Align and place the computer base on the palm-rest assembly.
4. Press the computer base down along the edges to snap it into place.
5. Replace the screws that secure the computer base to the palm-rest assembly.
6. Turn the computer over and open the display.
7. Replace the screws that secure the computer base to the palm-rest assembly.
8. Slide the optical-drive cable into the connector on the system board and press down the latch to secure the cable.

Post-requisites

1. Replace the [keyboard](#).
2. Replace the [wireless card](#).
3. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
4. Replace the [optical drive](#).
5. Replace the [base cover](#).
6. Replace the [battery](#).

Extracción de la placa mediadora de la unidad óptica.

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).
3. Remove the [optical drive](#).
4. Follow the procedure from step 1 to step 3 in "[Removing the hard drive](#)".
5. Remove the [wireless card](#).
6. Remove the [keyboard](#).

Procedure

1. Follow the procedure from step 1 to step 5 in "[Removing the computer base](#)".
2. Turn the computer base and place it on a flat surface.
3. Lift the optical-drive interposer along with the cable off the computer base.

- a. computer base
- b. optical-drive interposer
- c. optical-drive cable

Colocación de la placa mediadora de la unidad óptica

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Align the optical-drive interposer with the slot on the computer base and snap it into place.
2. Follow the procedure from step 1 to step 5 in "[Replacing the computer base](#)".

Post-requisites

1. Replace the [keyboard](#).
2. Replace the [wireless card](#).
3. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
4. Replace the [optical drive](#).
5. Replace the [base cover](#).
6. Replace the [battery](#).

Extracción del ensamblaje del disipador de calor

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

NOTA: The heat sink may become hot during normal operation. Allow sufficient time for the heat sink to cool before you touch it.

PRECAUCIÓN: For maximum cooling of the processor, do not touch the heat transfer areas on the heat sink. The oils in your skin can reduce the heat transfer capability of the thermal grease.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).
3. Remove the [optical drive](#).
4. Follow the procedure from step 1 to step 3 in "[Removing the hard drive](#)".
5. Remove the [wireless card](#).
6. Remove the [keyboard](#).
7. Remove the [computer base](#).

Procedure

NOTA: The number of screws and the appearance of the heat-sink assembly may be different on your computer depending on the configuration ordered.

1. Disconnect the fan cable from the system board.
2. In sequential order, as indicated on the heat-sink assembly, loosen the captive screws that secure the heat-sink assembly to the system board.
3. Remove the screws that secure the heat-sink assembly to the system board.
4. Lift the heat-sink assembly off the system board.

- 1. screws (3)
- 3. heat-sink assembly
- 5. system board

- 2. fan cable
- 4. captive screws (3)

Colocación del ensamblaje del disipador de calor

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

PRECAUCIÓN: Incorrect alignment of the heat sink can damage the system board and processor.

NOTA: The original thermal grease can be reused if the original system board and fan are reinstalled together. If either the system board or the fan is replaced, use the thermal pad provided in the kit to ensure that thermal conductivity is achieved.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Align the screw holes on the heat-sink assembly with the screw holes on the system board.
2. In sequential order, as indicated on the heat-sink assembly, tighten the captive screws that secure the heat-sink assembly to the system board.
3. Replace the screws that secure the heat-sink assembly to the system board.
4. Connect the fan cable to the system board.

Post-requisites

1. Replace the [computer base](#).
2. Replace the [keyboard](#).
3. Replace the [wireless card](#).
4. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
5. Replace the [memory modules](#).
6. Replace the [optical drive](#).
7. Replace the [base cover](#).
8. Replace the [battery](#).

Extracción de la placa de E/S

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).
3. Remove the [optical drive](#).
4. Follow the procedure from step 1 to step 3 in "[Removing the hard drive](#)".
5. Remove the [wireless card](#).
6. Remove the [keyboard](#).
7. Remove the [computer base](#).

Procedure

1. Remove the screw that secures the I/O board to the palm-rest assembly.
2. Lift the I/O board and turn it over.
3. Lift the latch and disconnect the I/O-board cable from the I/O board.
4. Lift the I/O board off the palm-rest assembly.

1. I/O board

2. I/O-board cable

3. latch

4. screw

Colocación de la placa de E/S

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Slide the I/O-board cable into the connector on the I/O-board and press down on the latch to secure the cable.
2. Turn the I/O board over and align the screw hole on the I/O board with the screw hole on the palm-rest assembly.
3. Replace the screw that secures the I/O board to the palm-rest assembly.

Post-requisites

1. Replace the [computer base](#).
2. Replace the [keyboard](#).
3. Replace the [wireless card](#).
4. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
5. Replace the [optical drive](#).
6. Replace the [base cover](#).
7. Replace the [battery](#).

Extracción de la placa base

-  **NOTA:** Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). For more safety best practices, see the Regulatory Compliance home page at www.dell.com/regulatory_compliance.
-  **NOTA:** Your computer's Service Tag is stored in the system board. You must enter the Service Tag in the BIOS setup program after you replace the system board.
-  **NOTA:** Replacing the system board removes any changes you have made to the BIOS using the BIOS setup program. You must make the appropriate changes again after you replace the system board.
-  **NOTA:** Before disconnecting the cables from the system board, note the location of the connectors so that you can reconnect the cables correctly after you replace the system board.

Temas:

- [Prerequisites](#)
- [Procedure](#)

Prerequisites

1. Remove the [battery](#).
2. Remove the [base cover](#).
3. Remove the [optical drive](#).
4. Remove the [memory modules](#).
5. Follow the procedure from step 1 to step 3 in "[Removing the hard drive](#)".
6. Remove the [wireless card](#).
7. Remove the [keyboard](#).
8. Remove the [computer base](#).
9. Remove the [heat-sink assembly](#).
10. Remove the [I/O board](#).

Procedure

1. Turn the computer over and open the display as far as possible.
2. Lift the latches and disconnect the touch-pad cable and the power-button board cable from the system board.

- a. power-button board cable
- b. palm-rest assembly
- c. touch-pad cable

3. Close the display and turn the computer over.
4. Lift the latch and disconnect the display cable from the system board.
5. Disconnect the speaker cable from the system board.
6. Peel the tape from the antenna cables.
7. Remove the screw that secures the system board to the palm-rest assembly.

1. screw

2. display cable

- 3. speaker cable
 - 4. system board
 - 5. palm-rest assembly
 - 6. tape
8. Lift the system board off the palm-rest assembly and carefully turn the system board over.

- a. system board
 - b. palm-rest assembly
9. Disconnect the power-adaptor port cable from the system board.
10. Lift the latch and disconnect the I/O-board cable from the system board.
11. Lift the system board off the palm-rest assembly.

- 1. system board
- 2. power-adaptor port cable
- 3. I/O-board cable
- 4. latch

Colocación de la placa base

- NOTA:** Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). - NOTA:** Your computer's Service Tag is stored in the system board. You must enter the Service Tag in the BIOS setup program after you replace the system board.
- NOTA:** Replacing the system board removes any changes you have made to the BIOS using the BIOS setup program. You must make the appropriate changes again after you replace the system board.

Temas:

- [Procedure](#)
- [Post-requisites](#)

Procedure

1. Connect the power-adapter port cable to the system board.

 **CAUTION:** To avoid damaging the system board, ensure that no cables are placed under it.

2. Slide the I/O-board cable into its connector on the system board and press down the latch to secure the cable.
3. Connect the power-adapter port cable to the system board
4. Turn the system board over.
5. Slide the ports on the system board into the slots on the palm-rest assembly and place the system board on the palm-rest assembly.
6. Align the screw hole on the system board with the screw hole on the palm-rest assembly.
7. Replace the screw that secures the system board to the palm-rest assembly.
8. Adhere the tape to the antenna cables.
9. Connect the speaker cable to the system board.
10. Slide the display cable into its connector on the system board and press down the latch to secure the cable.
11. Turn the computer over and open the display as far as possible.
12. Slide the touch-pad cable and the power-button board cable into their connectors on the system board and press down the latches to secure the cables.

Post-requisites

1. Replace the [I/O board](#).
2. Replace the [heat-sink assembly](#).
3. Replace the [computer base](#).
4. Replace the [keyboard](#).
5. Replace the [wireless card](#).
6. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
7. Replace the [memory modules](#).
8. Replace the [optical drive](#).
9. Replace the [base cover](#).
10. Replace the [battery](#).

Extracción del puerto del adaptador de alimentación

NOTA: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before working inside your computer](#). After working inside your computer, follow the instructions in [After working inside your computer](#). 12. Replace the [wireless card](#).
13. Follow the procedure from step 5 to step 7 in "[Replacing the hard drive](#)".
14. Replace the [memory modules](#).
15. Replace the [optical drive](#).
16. Replace the [base cover](#).
17. Replace the [battery](#).

Actualización del BIOS

Puede que deba actualizar el BIOS cuando una actualización esté disponible o después de colocar la placa base. Para actualizar el BIOS:

1. Encienda el equipo.
2. Vaya a www.dell.com/support.
3. Haga clic en **Product support (Soporte de producto)**, introduzca la etiqueta de servicio de su equipo y haga clic en **Submit (Enviar)**.
 **NOTA:** Si no tiene la etiqueta de servicio, utilice la función de detección automática o busque de forma manual el modelo de su equipo.
4. Haga clic en **Drivers & downloads (Controladores y descargas) > Find it myself (Buscarlo yo mismo)**.
5. Seleccione el sistema operativo instalado en el equipo.
6. Desplácese por la página y amplíe el **BIOS**.
7. Haga clic en **Download (Descargar)** para descargar la última versión del BIOS para su equipo.
8. Después de finalizar la descarga, vaya a la carpeta donde guardó el archivo de actualización del BIOS.
9. Haga doble clic en el icono del archivo de actualización del BIOS y siga las instrucciones que aparecen en pantalla.
