# Dell OptiPlex Small Form Factor Cable Cover

The cable cover for the Dell OptiPlex Small Form Factor system helps protect the ports and cables that are connected to the system.

## About this task

Follow these steps to install the cable cover.

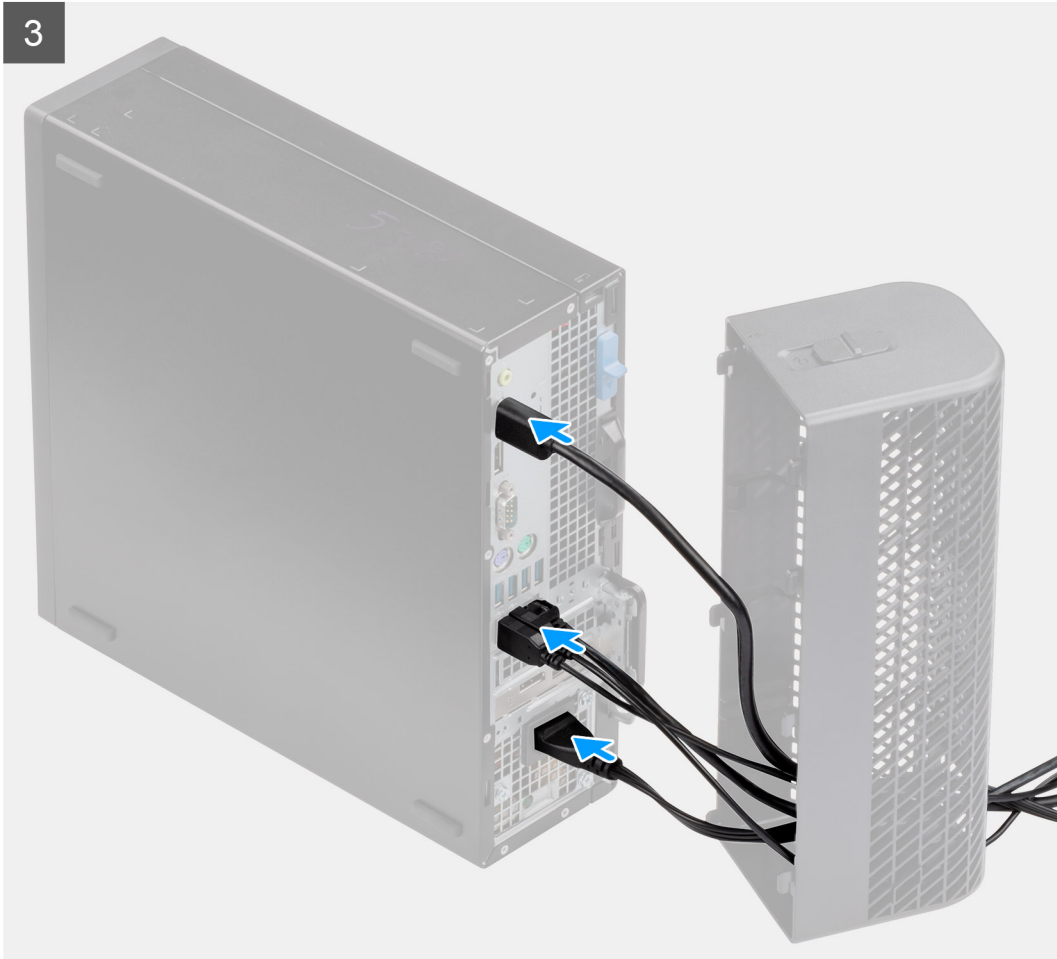

**i** **NOTE:** Images that are shown below may vary depending on your system configuration.

## Steps

1. Route the cables through the slot at the bottom of the cable cover.
2. Draw out the cables from the other side of the cable cover.

3. Connect the cables to their respective ports and turn the antenna (if available/applicable) outwards to pass through the antenna slot at the top of the cable cover.

4. Align the cable cover retaining hooks into their slots on the Dell OptiPlex Small Form Factor chassis.

**CAUTION:** Take care not to bend or break the delicate plastic hooks.

4

- 5. Gently press down on the cable cover until it clicks into place.
- 6. Slide the latch to lock the cable cover in place.

**i** **NOTE:** For added security, use the Noble Wedge slot to secure the system.

## Contacting Dell

### Prerequisites

 **NOTE:** If you do not have an active Internet connection, you can find contact information on your purchase invoice, packing slip, bill, or Dell product catalog.

### About this task

Dell provides several online and telephone-based support and service options. Availability varies by country and product, and some services may not be available in your area. To contact Dell for sales, technical support, or customer service issues:

### Steps

1. Go to **Dell.com/support**.
2. Select your support category.
3. Verify your country or region in the **Choose a Country/Region** drop-down list at the bottom of the page.
4. Select the appropriate service or support link based on your need.
