

Dell Precision Tower 5810/7810/7910 and Rack 7910

Dual/Quad Host PCIe Cards Setup Guide

Installing the Dual/Quad Host Cards

This section describes in brief on how to install the dual/quad host cards on a Dell Precision Tower 5810, 7810, 7910, and Rack 7910.

1. If you purchased a customer install kit, install the host card in a PCIe slot in your Dell Precision computer.
 **NOTE:** The purchased customer install kit will be shipped with the host cards.
2. For instructions on how to install the host card and connect the two-wire cable (included in the kit), see the Owner's Manual for your computer at www.dell.com/manuals.

 **NOTE:** To download the drivers for install, go to www.dell.com/support.

Finding More Information and Resources

See the safety and regulatory documents that shipped with your computer and the regulatory compliance website at www.dell.com/regulatory_compliance for more information on:

- Safety best practices
- Regulatory certification
- Ergonomics

See www.dell.com for additional information on:

- Warranty
- Terms and Conditions (U.S. only)
- End User License Agreement

Additional information on your product is available at www.dell.com/support.
